Dear Parents/Carers,

Safer Internet Day

Every year, there is a global 'Safer Internet Day' which follows a particular theme and encourages children and young people, and those who work with and support them including school staff, parents and members of community groups, to use the internet safely and in a positive way. This year's theme is "Create, Connect and Share Respect: A better internet starts with you."

I have led assemblies this morning with all of the children to look at how this can apply to them and how they can use the internet safely whilst making it a more positive place. Please do ask your child to share their learning and thoughts on this with you.

If you would like to find out more about Safer Internet Day 2018, please visit the website below or scan the QR code for easy access from mobile devices:

As always, if you require any support with any aspect of keeping children safe online, please do not hesitate to speak to me.

Yours sincerely

K. Clark.
